Telephone Number: \_\_\_\_\_

**Information about the Grant:**

*The background of this partnering opportunity is the story of the Monroe City New Covenant Presbyterian Church. Many churches shrink and ultimately cease to exist. The Monroe City church defied the norms in a powerful way. Rather than sacrifice mission in order to maintain existence, the church at Monroe City dedicated itself to mission and let loose of survival concerns. In so doing, the church was reborn as a community ministry, "The Lord's Warehouse". Monies from that former congregation are available to other congregations in our presbytery who serve or seek to serve their communities in the spirit of New Covenant.*

**Some criteria for partnership requests:**

The maximum grant will be \$7,500 and no more than 50% of the total cost.

There is no minimum grant request. If a congregation only needs a smaller amount, ask.

Sustainable ministry or moving toward sustainability is a value.

Costs for personnel or for construction are not generally approved.

New ideas will be seen as positive in evaluation.

The Congregational Mission and Vitality Committee, will review this grant request, and make a recommendation to the Presbytery Council for funding.
