

September 28, 2012

Dear Friends,

Since 2002, Westminster College has offered a very special scholarship opportunity to **PC(USA) young men and women**. The scholarship was designed to invite students who are outstanding both in their academic abilities and church involvement to consider Westminster as their college choice.

Every year, the scholarship has increased. Every year, the students who receive the scholarship continue to pursue excellence in faith and academics on our campus. Every year, we pray for more churches to offer this wonderful opportunity to a young person.

Because Young Presbyterian Scholarship students are exactly the kind of student Westminster desires, we are inviting congregations to nominate **two (2) students**, and not just one. And we have moved our **deadlines for nominations to December 1<sup>st</sup>**, with student application deadlines having changed to December 15<sup>th</sup>, simply due to the fact that pastors do not see some of these students on as regular a basis as a teacher or coach. In addition, the scholarship has been increased to **\$18,500/year** or **\$74,000 over four years**.

We are serious about education, and serious about getting outstanding students to continue pursuing knowledge and faith with us here at Westminster College. We hope that your Presbytery will encourage nominations through your website/informational materials and will keep the enclosed brochures in your resource offerings for pastors, youth pastors, CE directors and members. My contact information is on the brochure, and I would encourage questions.

Many thanks and many blessings,

A handwritten signature in cursive script that reads "Carey Anne M. LaSor".
